Summary

Software Engineer with 6 years of experience in ASP.NET Core, C#, Angular 14, SQL, Azure cloud solutions, and ETL development using SSIS. 1-year experience in material handling. Proven track record in process improvement and data-driven planning, enhancing system functionality and performance. Adept at collaborating within technical teams and business users. Applying critical thinking to solve complex challenges, ensuring successful project outcomes, and operational efficiency.

Skills

- ASP .NET Core
- SQL, MSSQL, MySQL
- C#, TypeScript, and JavaScript
- Angular 14, HTML, and CSS
- Azure Cloud and DevOps
- Database management systems
- AWS ElastiCache
- SSIS and ETL processes
- Node.js development
- Infrastructure as code with Terraform
- Agile methodologies
- Data analysis techniques
- Team collaboration
- Critical thinking
- Data-driven planning
- Process improvement

Professional Experience

.NET Developer	09/2025 - 03/2026
SLI Consulting Inc. / CTBC Bank Philippines	
• Developed and implemented a standardized ETL framework in C#, .NET Core, SQL and Oracle SQL Dev for improved data integration. • Coordinated with business users to ensure clarity and completeness of requirements. • Created and maintained comprehensive technical documentation. • Authored stored procedures and automated processes to enhance efficiency. • Conducted quality testing. • Presented technical documents and facilitated implementation into production environments. • Executed manual and automated processes to verify and resolve amount variances.	
Material Handler	08/2024 - 08/2025
Randstad / RK Logistics CA, USA	
• Conducted quality control assessments to ensure compliance with standards. • Executed material audits to verify inventory accuracy and condition. • Performed clerical tasks to support operational efficiency. • Managed handoffs and SAP processes to streamline workflow.	
.NET Developer	01/2023 - 05/2024
SLI Consulting Inc. / CTBC Bank Philippines	
• Developed and implemented a standardized ETL framework in C#, .NET Core, and MySQL for improved data integration.	

- Created and maintained comprehensive technical documentation for system clarity.
- Designed an executable file using C#, and .NET Core (.exe) for encryption and decryption processes.
- Authored stored procedures and automated processes to enhance efficiency in MySQL.
- Conducted quality testing while supporting mapping, scripting, and data migration tasks.
- Presented technical documents and facilitated implementation into production environments.
- Executed manual and automated processes to verify and resolve amount variances.

.Net Programmer

09/2021 - 08/2022

Information Professionals, Inc. / Unilab, Inc. | Philippines

- Developed and debugged applications using C#, ASP.NET Core, JavaScript, Angular 14, HTML, and CSS.
- Maintained technical documentation and managed MySQL data to ensure accuracy.
- Revamped systems to improve functionality and performance.

Associate Software Engineer

06/2019 - 09/2021

Accenture | Philippines

- Executed cross-functional roles in development, testing, and technical architecture.
- Utilized C#, ASP.NET Core, MySQL, TypeScript, JavaScript, Angular 14, HTML, CSS, PowerShell, and Node.js.
- Maintained technical documentation and established standardization through Terraform and Azure Cache for Redis blueprints.
- Developed proof of concepts for Microsoft Azure Functions and Azure Cache standardization.
- Performed functional testing, unit testing, integration testing, and regression testing.

Student Intern

11/2018 - 03/2019

PLDT | Philippines

- Provided field support through call handling, troubleshooting, and cord/line adjustments for telephones.

Student Assistant in Office of Extension And Community Outreach

07/2017 - 03/2018

University of the East - Caloocan | Philippines

- Executed clerical responsibilities, including document receiving and filing.
- Sorted, created, and maintained copies of documents.
- Facilitated departmental organization of outreach events outside school and Blood Donation drives.

Education

Bachelor of Science: Information Technology
University of The East | Caloocan, Philippines

04/2019

Certifications

- **Scrum Foundation Professional Certificate (SFPC) - English**
